# For world champions and everyday heroes

Craft athletes work out for freedom, for happiness and for progress – to improve quality of life. We are people of all ages and genders who prioritize physical movement and appreciate design and functionality. We are all athletes, from the everyday active to the world record holder.

# Concept overview

Premier	Highly functional game-day garments designed for maximum performance.
Progress 2.0	The same elegance, creativity and function as before but now made from recycled polyester.
Extend	Highly functional training garments designed for maximum performance.
Squad Go	This concept combines functionality and durability, making it a must-have addition to any teamwear wardrobe. Crafted from recycled polyester, these versatile garments embody sustainability and efficient moisture transport, ensuring optimal performance during intense sessions.
Squad 2.0	Functional, stretchy and classic garments featuring modern fabrics made from recycled polyester.
Progress Basket	Recycled fabrics, loose fit and efficient moisture transport help you and your teammates advance to the next level.
Nordic Ski Club	Functional cross-country ski garments for training and racing in all types of winter conditions.
Ability	Our latest Teamwear Concept plays a central role in complementing our entire Teamwear lineup. It serves as a collection of versatile styles suitable for a wide range of activities and purposes.
Pro Control Impact	Premium concept with high-functional materials for top-level sports. Fits racket sports, volleyball and field hockey.
Rush 2.0	an updated version of its predecessor, boasting a new fit and new materials for improved freedom of movement and even greater comfort. Representing the latest generation of functional sportswear, this collection is made from recycled polyester and comes with a durable, long-lasting design. True to its name, speed and movement are front and center.
Evolve 2.0	Continuously evolving, this high-intensity concept boasts upgraded materials and a new tailored fit, shaped especially for team sports. Recycled polyester leads the way to enhanced performance while treading lightly on the environment.
Evolve	Living by the code that practise makes perfect, Evolve is designed for teams and athletes dedicated to improve their skills through hard and continuous training.
Community 2.0	Crafted from a soft blend of organic cotton and recycled polyester, this casual off-the-pitch concept provides a smooth touch and great comfort, continuously elevating the team spirit. Seamlessly integrating the functionality of team sports apparel with a casual design, Community 2.0 makes a perfect choice for branded merchandise featuring club or company logos.

MATCH

# Premier Grip Socks

UNISEX

1915442

34/36-46/48

Premier Grip Socks is a premium sports sock with silicone dots that offers exceptional grip for a secure fit in the shoe. This technically advanced sports sock is made of a durable, elastic and highly functional polyamide and organic cotton fabric that keeps your feet dry and comfortable during high-intensity workouts. Featuring grippy silicone dots at the bottom, the sock prevents your feet from sliding inside the shoe. The enhanced grip means that your foot stays in its optimal position, helping you maintain stability and balance during sudden movements, such as quick direction changes on the field. In addition, the sock comes with an elastic rib construction around the foot for a tight, secure fit.

**Material:** 35% polyamide-recycled, 35% cotton organic, 25% polyamide, 5% elastane.

# Pacer

MEN	1915025	EU 39½-47, UK 6-12
WOMEN	1915026	EU 35½-42, UK 3-8

An advanced performance running shoe that features a softer version of the successful Px Foam™ in the midsole, Pacer delivers a stable, smooth, and responsive ride with explosive rebound – perfect for speed training and every day running. Its lightweight construction provides a bouncy, energetic experience that propels you forward with each stride, while its minimal outsole design with hexagon lug pattern offers superior road traction for a secure grip on various surfaces. In addition, the upper is made from a lightweight and breathable material that provides a snug and stable fit. A sleek design and lightweight feel make the Pacer an ideal choice for runners seeking a fast, nimble shoe that won't weigh you down.

## Px Foam™

Px Foam™ is an ultra-lightweight midsole material that offers an exceptionally high amount of energy return while providing shock-resistance and flexibility. A single, natural foaming agent is used in making this innovation without adding any chemical cross-linking agents. In addition, raw and finished materials are completely reusable. The innovative foam has an extremely low density making it up to 20% lighter than traditional EVA. The reduced weight combined with explosive rebound make Px Foam™ perfect for every run.

**Material:** Upper: 39% polyester, 39% polyester-recycled, 12% polyurethane 10% thermoplastic urethanes. Midsole: 100% ETPU foam. Outsole: 100% rubber.

## PRO Endur Distance

MEN	1912183	EU 39½-47, UK 6-12
WOMEN	1912184	EU 35½-42, UK 3-8

PRO Endur Distance brings a new level of responsiveness to serious runners. The full PX Foam™ midsole is designed for optimum stack height for explosive toe off and feather-soft landing for efficient stride. Every contour of this platform was carefully considered to provide maximum energy at varying speeds. The fully engineered one-piece mesh upper works in unison with the foot to provide comfort and support with every nimble step. This shoe shines with vibrant performance and simplicity in design.

**Material:** 100% polyester Jacquard+TPU no-sew. Midsole: 100% TPU foam. Outsole: 100% rubber.

## Shower Slip in

UNISEX	1909081	EU 35½ - 48½, UK 3-13
--------	---------	-----------------------

These lightweight slides have a contoured foot bed that provides cushioning with every stride. The classic design features a bandage upper with contrast Craft logo. Perfect for after sport and casual use.

**Material:** Upper: 100% EVA. Outsole: 100% EVA.

# V150 Engineered

MEN	1908265	EU 39½-50½, UK 6-15
WOMEN	1908264	EU 35½-42, UK 3-8

Mid-distance road-running shoe that offers excellent flex and support, which makes it a great choice also for speed intervals and longer runs.

Designed for the 10k run, V150 Engineered comes with a fully engineered mesh upper for optimal freedom of movement, comfort and performance. V Energy Foam in the midsole's forefoot area provides high-caliber energy return, elevating your stride and giving that extra push to help you reach your goals. The shoe is built on a last design that follows the natural contours of the foot and comes with flexibility in the right areas to allow the foot muscles to work and perform as they are intended to. Furthermore, V150 Engineered features neutral stability to offer the right level of motion control for runners with normal pronation or a neutral foot movement.

**Material:** Upper Mesh: 60% polyester, 40% polyamid. Insole: EVA with single mesh. Lining: 100% polyester. Outsole: 100% rubber. Midsole: 100% EVA. Insole: EVA with single mesh.

CRAFT CUSTOM

# Stand out from your competitors.

Craft has developed functional sportswear for more than 30 years. Throughout the years we have been working actively with professional athletes to understand the individual requirements - from elite riders, to athletes. You can benefit from this expertise, your club or company.

You can design your very own club clothes - in your own colors and with your own logos. All our products have the same high quality as the regular collection - optimal moisture transport, freedom of movement and perfect fit.

In cooperation with our graphic team, which helps you throughout the process, we create a unique design for your club or company. After your approval, the design will be sent to our factory. Delivery time approximately 8-10 weeks.

Contact us for more information.

## CRAFT CIRCLE

# Running in circles is the only way forward.

Craft Circle is our sustainability initiative. It is an integral thread that runs through everything we do, from design to delivery and beyond. Its purpose is simple: to promote conscious choices that minimize the environmental impact of our products.

Our initiative is aligned with six of the United Nations' Sustainable Development Goals (SDGs) from the 2030 Agenda, selected for their relevance to our business and where we can make the greatest impact. These six goals guide how we design, produce, and distribute our products, how we extend their lifecycle through circular solutions, and how we collaborate with partners and organizations for a more sustainable future. The goals have inspired us as a company and a brand to set our own ambitious climate targets for the future.

By 2030, our aim is to reduce carbon emissions from our total operations by 50% compared to our base year of 2021. To achieve this, one key step is ensuring all Craft products are made from more preferred materials (e.g., recycled materials) and using more sustainable production methods. Currently, 75% of our products are fully or partially made from more preferred fibers.

**You don't just buy a Craft product – you invest in it**

We design for the long run for one simple reason: the longer a product serves its purpose, the lower its environmental impact.

For us, this means creating functional and innovative products that serve a clear purpose, made from durable, sustainable materials, and manufactured to high-quality standards to ensure extended use and recyclability. As part of this process, we've developed our Craft design principles and introduced the Lifetime Guarantee program for our base layers.

# The Craft-principle

An intensive training session will result in the body producing a considerable amount of sweat. This is just how it should be and a confirmation that you are pushing your limits. If you are not wearing functional clothes, the sweat will remain in place and block the pores, causing your body heat to rise. Eventually the clothes will turn into a damp, cold and heavy “envelope”, relentlessly hampering your performance. If you are wearing functional clothes, however, the skin will stay dry and you will be able to perform at an ideal working temperature. Craft’s functional clothes, in up to three layers, create a perfect microclimate and provide the basis for optimal performance. Each layer is equally important and complements the rest of the chain.

---

### Baselayer

Baselayer that efficiently transports moisture away from the skin and distributes it on the outside of the garment, where it either evaporates or is passed on to the next layer. For optimal performance and comfort, craft baselayer should always be worn underneath your outer layers, regardless of weather conditions.

---

### Midlayer

Craft midlayer provides insulation and warmth while transporting moisture and excess heat to the next layer or into the surrounding air. When the thermometer creeps downward, this layer enables you to retain valuable body heat without reducing your freedom of movement.

---

### Protection Layer

The third and outermost layer is your shield against the elements and provides comfort and performance no matter the conditions. Transcending the laws of logic, craft protection layer protects against rain, wind and cold at the same time as it releases surplus heat and moisture from the layers underneath.

# Size guide

Use the chart below to determine your size. If you're on the borderline between two sizes, order the smaller size for a tighter fit or the larger size for a looser fit. If your measurements for chest and waist correspond to two different suggested sizes, order the size indicated by your chest measurement.

## How to measure yourself

MEN

## A. CHEST

Wrap a tape measure evenly around the fullest part around the chest under your arms.

## B. WAIST

Wrap a measure tape around your natural waistline.

WOMEN

## C. SEAT

Standing with your feet together, measure around the fullest part of your hips.

## D. SHOULDER AND SLEEVE LENGTH

Measure from the lowest part of the neck, over the tip of the shoulder and down the outside of the arm, past the elbow and to the wrist. Keep the arm slightly bent.

JUNIOR

## E. INSIDE OF LEG

Standing with your feet together, measure from the crotch all the way down to the floor. Don't forget to stand as straight as possible. You may have to ask a friend to help you.

## F. LENGTH

The total length of your body.

## Men

| SIZE                                | XS  | S   | M   | L   | XL  | XXL | 3XL | 4XL |

# Size guide shoes

## How to measure your feet

### Step 1

Stand up straight on a hard surface with your heel against the wall and a piece of blank paper taped to the floor.

### Step 2

Have someone mark the longest part of your foot (referred to as heel-toe length) on the paper with a pen or pencil, or measure yourself if necessary. Repeat with the other foot, as sizes may be different on left and right foot.

### Step 3

Use a ruler to measure the heel-toe length you marked for each foot.

| MEN |     |     |             |
|-----|-----|-----|-------------|
| UK  | US  | EU  | Heel-to-toe |
| 6   | 7   | 39½ | 25          |
